

CREEPER

You cannot hold this card, but must place it face up in front of you as soon as you get it. If you drew it, immediately draw another card to replace it.

Candy Zombies

You can't win if you have this unless the Goal says otherwise.

If you have this card in front of you, move it to the next player when your turn ends. If you have any candy Keepers in play, you must attach them to this card. This and all attached cards stay together until discarded.
